

EXTREMEMETAL FABRICATORS

SKILLED CRAFTERS OF METAL ROOFING SYSTEMS

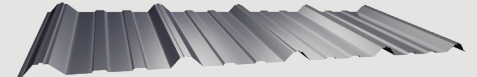

CORMAX

3/4" RIB PANEL This corrugated panel system can be installed horizontally or vertically. Popular for roofs, walls and interior finishes offering performance at an affordable price.

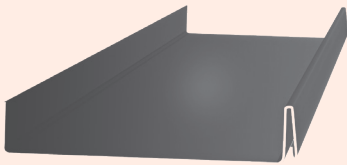

PEAKMAX

1 1/2" MECHANICAL STANDING SEAM Classic standing seam metal roofing ideal for residential and commercial. This versatile panel can be radius curved and is also available in copper.

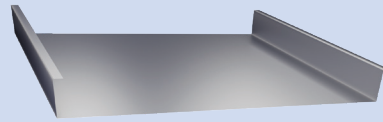

EMAX

3/4" AG PANEL Strength and durability of EMax lends itself to agricultural walls, roofs and light commercial use.

PLUSMAX

1 1/2-INCH SNAP-LOCK CLIP STANDING SEAM Concealed fasteners and interlocking clip system provide sharp clean lines, exceptional wind resistance and superior thermal movement tolerance.

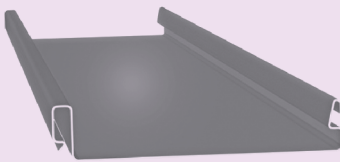

SUPREMEMAX

2" MECHANICAL STANDING SEAM Skillfully fabricated for architects and contractors, this structural product is perfect for top of the line commercial and residential applications.

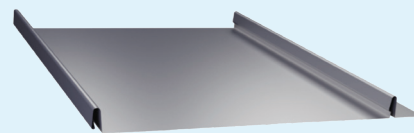

PBRMAX

1 1/4" RIB PANEL With bold lines and durability, a great choice for commercial, industrial and residential applications.

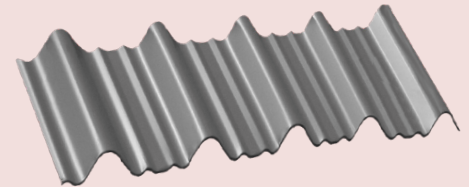

QUIKMAX

1 1/2-INCH SNAP-LOCK CLIP STANDING SEAM Bold 7/16" seams created by this clip and hidden fastener system offer a classic look, superior wind resistance and ease of installation. Ideal for all applications.

SNAPMAX

1" SNAP-LOCK STANDING SEAM Low profile nail strip panel is easy to install and offers the versatility of a clipless hidden fastener. Great for residential, commercial, and light industrial uses.

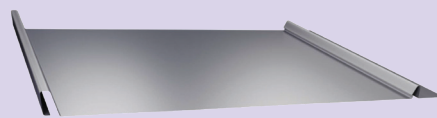

TILEMAX

1 5/8" TILE PANEL Enduring beauty of European tiles and the benefits of metal roofing make this a builder favorite. Features revolutionary panels that span from eave to ridge.

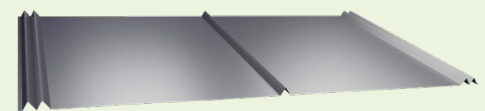

ULTRAMAX

1 3/4" SNAP-LOCK STANDING SEAM An integral snap-lock metal roof system requiring no special seaming equipment, this panel is the perfect choice for high-end residential and commercial use.

TOPMAX

1 1/2" SNAP-LOCK STANDING SEAM Great for low slope applications, this nail strip snap-lock panel is a great performer that is rugged yet architecturally pleasing.

VMAX

5V CRIMP This ecoad classic trapezoidal profile is just right in an agricultural setting, or commercial and residential applications.
